## **maze2020**

**Maze Artists from around the world are featured  
in this ground-breaking collection.**

**[Chicago, IL | September 2020]**

We have all spent considerable time this year at home exploring new interests and hobbies. So there is no better time to discover an art form that could become your newest passion.

Mazes and labyrinths are familiar to young and old around the world. In recent years, artists have begun exploring different styles and approaches to creating these classic puzzles.

Maze2020 is a first-of-its-kind collection of maze art from 18 different maze artists. The artists in Maze2020 hope to inspire people to solve, collect, and even draw mazes!

18 artists are featured in the book, including numerous published artists, multiple award winners, 3 world-record holders (about to be 4!), and more...

Maze2020 will amaze you from start to finish!
